“The smartest medical imaging app on the planet”

MedImage

MedImage is the simplest, easiest, fastest way to **transfer an image from the real world to your PC**. Photos are transferred directly from your phone to your target device and are ready to attach to medical records or send in referrals in **seconds**.

Your Time-Saver

- ✓ No more emailing, no more dropbox, no more memory cards. Simply **tag, snap and use**.
- ✓ MedImage is so quick and easy to set up you will probably **save the time** it takes you to install it the **first time** you use it.
- ✓ Designed by doctors and secured by patients, MedImage is the **ultimate tool for the busy doctor**.
